

## Final Group Project Report Rubric

CSCI 364 Fall 2021 Oberlin College

<u>Category</u>	<u>Criteria</u>				<u>Points</u>
	1	2	3	4	
<b>Abstract</b>	No abstract included	Abstract was very short or very long and/or didn't give an overview of the project	Abstract was a little too long or short but provided an overview of the project.	Abstract provided a concise yet complete overview	
<b>Introduction</b>	No introduction included	Introduction was missing many important details	Introduction provided some of the list of four in Criteria 4 (but not all), or not all four were adequately described	Included paragraphs adequately describing: 1. The big picture motivating the project 2. The specific problem 3. The solution used 4. A summary of the results	
<b>Background &amp; Related Work</b>	No background provided	A little background was described. Lacked sources.	Background details were mostly there. Some sources were included.	Background details were clearly described. Related work had enough sources (including at least 2 citations with links).	
<b>Problem</b>	No description of the problem	Problem section was too short and missing many important details	Most necessary details to understand the problem were presented, but not quite enough	Problem was clearly described with sufficient detail to know what was being solved.	
<b>Solution</b>	No description of the solution	Solution section was too short and missing many important details	Most necessary details to understand the solution were presented, but not quite enough	Solution was clearly described with sufficient detail to know how the problem was being solved.	
<b>Outcomes &amp; Evaluation</b>	No description of the project outcomes.	Important information needed to understand the outcomes and evaluation were missing.	Outcomes were described. Project was evaluated, but some details were missing.	Outcomes and evaluation criteria were clearly explained. Evaluation of the project was sound.	

<b>Conclusions &amp; Future Work</b>	No conclusions or future work section	Report was missing one of either the conclusions or future work	Report summary was missing a few details and/or only one idea for future work described	Report summarized in one paragraph and at least two ideas for future work described	
<b>Tables and Figures</b>	No tables or figures in the report.	Tables and/or figures were difficult to read and didn't add to the discussion	Tables and/or figures were included, but not mentioned in the text (disjointed use)	Tables and/or figures used well in synergy with the text in the report.	
<b>Organization and Flow</b>	Report was difficult to read and follow	Report was loosely organized. Paragraph or section transitions were often abrupt.	Report had some organization. Paragraph or section transitions were rough a small number of times.	Report was well organized. Paragraphs and sections flowed nicely.	
<b>Spelling and Grammar</b>	Report contained many spelling and/or grammatical errors	Report contained more than 5 spelling or grammatical errors	Report contained 3-5 spelling or grammatical errors	Report contained no more than 2 spelling or grammatical errors	
<b>Citations and References</b>	No citations and/or references		Citations and references were included, but were not properly formatted	Citations and references were included and properly formatted
