

**Discussion Day #2: Augmented Reality**  
**CSCI 364 Fall 2021**  
**December 10, 2021**

**Discussion Prompts**

1. Objective Round

- What happened in each article?
  - What content can be created by AI?
  - How can AI be used to create that content?
  - How can AI be used in the metaverse?

2. Reflective Round

- What was your gut reaction to the four articles?
- What were you feeling as you read them?
  - a. Hope, fear, happiness, sadness, etc.?
- What connections can you make to other applications of AI and technology?

3. Interpretive Round

- What do people need to be aware of as it relates to the abilities of AI to help create content?
- Can we use AI to solve the challenges assisted by AI? Should we?
- Should the use of AI be regulated?

4. Decisional Round

- What should be done about misinformation?
- What are positive uses of creative AI?
- How do we make positive uses of AI available for everyone?

**Discussion Process**

For the Objective and Reflective rounds, we will use an **orbit discussion**

- Each person takes turns saying one idea at a time
- Go around in a circle so everyone talks before anyone repeats
- Go as many rounds as needed so all ideas are shared

For the Interpretive and Decisional rounds, we will use a **talking tokens discussion**

- Everyone has two tokens, speaking up uses one token
- Can go in any order, but should speak exactly twice
