Final Reflections
CSCI 373 Fall 2024
Due: Wednesday December 11, 2024 at 11:59 PM
Extension: Sunday December 15, 2024 at 11:59 PM

The goal of our final reflection is to provide you with an opportunity to review and synthesize the content of this course and think about its connection to your personal interests and studies. For this entry, please write a short essay (of at least 500 words) reflecting on the class over the course of the semester by answering the questions below and submit your reflection as a PDF by email to aeck@oberlin.edu.

Reflection Questions

1. What did you learn this semester? How have your thoughts about and knowledge of machine learning changed over the semester?

2. How do you see what you learned in class being useful to you in the future (e.g., in the remainder of your studies and career)?

3. Did you gain the knowledge and skills you were wanting to gain when you started the class? What did we do that was most useful to your learning? What do you wish we had covered or done that we did not?
